### The Objective and Scope of the Audit of the Financial Statements

You have requested that Berger, Toombs, Elam, Gaines and Frank ("we") audit Harmony Community Development District's, (the "District"), governmental activities, and each major fund as of and for the year ended September 30, 2024, which collectively comprise the basic financial statements. We are pleased to confirm our acceptance and our understanding of this audit engagement by means of this letter for the year ending September 30, 2024, and thereafter if mutually agreed upon by Harmony Community Development District and Berger, Toombs, Elam, Gaines and Frank.

The objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America (GAAS) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if there is a substantial likelihood, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

#### The Responsibilities of the Auditor

We will conduct our audit in accordance with (GAAS). Those standards require that we comply with applicable ethical requirements. As part of an audit in accordance with GAAS, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

• Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.

- Consider the entity's system of internal control in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. However, we will communicate to you in writing concerning any significant deficiencies or material weaknesses in internal control relevant to the audit of the financial statements that we have identified during the audit.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Conclude, based on the audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for the reasonable period of time.

Because of the inherent limitations of an audit, together with the inherent limitations of internal control, an unavoidable risk that some material misstatements may not be detected exists, even though the audit is properly planned and performed in accordance with GAAS.

We will also communicate to the Board any fraud involving senior management and fraud that causes a material misstatement of the financial statements that becomes known to us during the audit, and any instances of noncompliance with laws and regulations that we become aware of during the audit unless they are inconsequential.

We will maintain our independence in accordance with the standards of the American Institute of Certified Public Accountants and Generally Accepted Governmental Auditing Standards.

# The Responsibilities of Management and Identification of the Applicable Financial Reporting Framework

Management is responsible for:

- 1. Identifying and ensuring that the District complies with the laws and regulations applicable to its activities, and for informing us about all known violations of such laws or regulations, other than those that are clearly inconsequential;
- 2. The design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud affecting the District involving management, employees who have significant roles in internal control, and others where the fraud could have a material effect on the financial statements; and
- 3. Informing us of its knowledge of any allegations of fraud or suspected fraud affecting the District received in communications from employees, former employees, analysts, regulators, short sellers, vendors, customers or others.

The Board is responsible for informing us of its views about the risks of fraud within the entity, and its knowledge of any fraud or suspected fraud affecting the entity.

Our audit will be conducted on the basis that management acknowledges and understands that it has responsibility:

- 1. To evaluate subsequent events through the date the financial statements are issued or available to be issued. Management also agrees that it will not conclude on subsequent events earlier than the date of the management representation letter referred to below;
- 2. For the design, implementation and maintenance of internal control relevant to the preparation of fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; and
- 3. To provide us with:
  - a. Access to all information of which management is aware that is relevant to the preparation and fair presentation of the financial statements including information relevant to disclosures;
  - b. Draft financial statements, including information relevant to their preparation and fair presentation, when needed to allowed for the completion of the audit in accordance with the proposed timeline;
  - c. Additional information that we may request from management for the purpose of the audit; and

d. Unrestricted access to persons within the District from whom we determine it necessary to obtain audit evidence.

As part of our audit process, we will request from management written confirmation concerning representations made to us in connection with the audit, including among other items:

- 1. That management has fulfilled its responsibilities as set out in the terms of this Engagement Letter; and
- 2. That it believes the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

#### Reporting

We will issue a written report upon completion of our audit of Harmony Community Development District's financial statements. Our report will be addressed to the Board of Supervisors of Harmony Community Development District. Circumstances may arise in which our report may differ from its expected form and content based on the results of our audit. Depending on the nature of these circumstances, it may necessary for us to modify our opinion, or add an emphasisof-matter paragraph or other-matter paragraph to our auditor's report.

If circumstances arise relating to the condition of the District's records, the availability of appropriate audit evidence or indications of a significant risk of material misstatement of the financial statements because of error, fraudulent financial reporting or misappropriation of assets which, in our professional judgement, prevent us from completing the audit or forming an opinion, we retain the unilateral right to take any course of action permitted by professional standards, including, but not limited to, declining to express an opinion or issue a report, or withdrawing from the engagement.

#### **Records and Assistance**

During the course of our engagement, we may accumulate records containing data that should be reflected in the District's books and records. The District will determine that all such data, if necessary, will be so reflected. Accordingly, the District will not expect us to maintain copies of such records in our possession.

The assistance to be supplied by District personnel, including the preparation of schedules and analyses of accounts, has been discussed and coordinated with an Inframark accountant. The timely and accurate completion of this work is an essential condition to our completion of the audit and issuance of our audit report.
