

CAMPUS SUITE PROPOSAL

Harmony site is showing over 34,000 PDF pages within 734 PDF documents. Would run about \$36K to fix all of them.

Closed Captioning and Transcripts for video runs \$6.50 per minute. For twelve 2.5 hour meetings for the year they'd be looking at \$11,310 for the minutes over the free 60 minutes provided upfront. (150 minutes x 12 = 1800. 1800 - 60 Free minutes = 1,740 minutes. 1,740 mins x 6.5 = \$11,310.)

We don't provide the opportunity to host a video directly on our site. Everyone who utilizes our platform and uses videos integrates it through YouTube or Vimeo. It appears the same, but the video is not on the platform. They'd have a link to YouTube or Vimeo where the video was uploaded and type that into the website where it would show up.

Keeping your community informed. And you compliant.

A trusted name for compliance.

For over 15 years, Campus Suite has built a reputation helping public schools across the country eliminate communication barriers and improve school community engagement. We do it by creating easy-to-use, affordably priced websites featuring professional design, unmatched customer service, and paving a leadership role in website accessibility.

We've helped districts build web accessibility policies and websites, and even created contingency plans for responding to web issues and complaints from the OCR (U.S. Office for Civil Rights). These include detailed resolution plans when clients need to respond to avoid fines and the negative publicity that sometimes surrounds non-compliance.

Campus Suite has also pioneered educating public institutions about website accessibility by establishing the Website Accessibility Education Center, a valuable resource for website administrators..

Frequently asked questions

For PDF service, what is the price per page?

Pricing can range based on the volume of PDFs you have on your website and if it is part of the initial remediation or the on-demand service. The price range is between \$1.05 per page to \$1.75 per page.

What does the PDF scan and remediation process look like?

You'll upload your documents to the dashboard. We are notified and begin setting up the scan. After the fixes are made, we put the documents back onto the dashboard and you are notified. You then put them back to the appropriate location on your website.

What does the ADA managed service process for our website look like?

Our team performs monthly scans of your site utilizing software. Our team then goes through the results and fixes the content-related errors by hand. A report is produced for your records and uploaded to your ADA dashboard. Any outlying issues we may encounter, you will be notified until the issue is resolved.

How long does it take?

For non-urgent doc remediation, we can scan and fix up to 2000 pages per week. We also have urgent services available for an additional fee with a turnaround time of 48 hours.

What standards do you follow for ADA?

We follow WCAG AA 2.1 guidelines

Are there any hidden fees?

No.

How long does it take to build the website?

It depends upon your responsiveness, but generally only a couple of weeks.

Can we change the design of our website?

Our themes are customizable to address your preferences. There are some guardrails in place to help ensure ADA compliance to a degree, but you can select colors, images, etc...

Do your sites offer a calendar?

Yes. This site can be utilized in many different ways. One of which is a calendar to help with your clubhouse availability/rental schedule.
