

# Harmony Community Development District WEBSITE ACCESSIBILITY POLICY

## Accessibility Commitment

Harmony CDD strives to maintain a website that is accessible to all visitors and compliant with the Web Content Accessibility Guidelines (WCAG) as put forth by the World Wide Web Consortium (W3C).

Harmony CDD recognizes that optimum accessibility is not always possible in every area of a website for those visitors using assistive technologies and devices. As part of an ongoing maintenance program, the Harmony CDD website is periodically reviewed for accessibility compliance and all identified issues are promptly remediated.

## Assistive Technology

The [UserWay® Widget](#) has been made available for users of the Harmony CDD website. Its fundamental purpose is to serve as a supplemental aid to individuals with visual impairments; especially those who have diminished visual acuity due to age or other physical condition.

It includes a variety of features, but primary among them are provisions to enhance contrast, boost text readability, and aid in the navigation of page content. Its selection menu is accessed by either clicking the [Eye Icon](#) or typing **Ctrl-U** on the keyboard.
